YOUR PRESIDENT'S MESSAGE

Hello everyone,

Guess what? Spring is here!! It's a great time of the year, with flowers blooming, baby animals, and people removing their grass for xeriscaping. There are a lot of places available out there for detecting; it's just a matter of being in the right place at the right time. Please remember! Always get permission first, be polite with the home/land owner, fill in your holes even on demolition sites, keep in mind that each of us represent this wonderful hobby, the NUTS club and most of all ourselves. Good luck, have fun, and be safe out there detecting.

I would like to send a big "Thank you" out to last month's speaker Mr. Marlo Peterson, His presentation on marbles was fantastic, I think we all stepped back in time to a place where we were on our knees in a school playground playing marbles with our

friends, winning some and losing some.

This month's speaker will be Mr. Robert Dalley he will be talking to us about Utah Dairy tokens; Mr. Dalley has one of the largest and most complete collections of these tokens I have ever seen.

Another reminder, The NUTS club token/coin show is coming up just around the corner (June 19, 20th) please continue to pass out fliers and together we can make this years show a huge success, Thanks!

(CONTINUED FROM PAGE 1)Also in June we will be having our club hunt to some great location that hopefully will be full of coins, tokens and artifacts. Wagon master Neil Phillips will be giving us more information at the meeting.

Well everyone we have a lot of fun things planned over the next few months, I look forward to seeing everyone out there. Keep searching for that gold coin it's just around the corner.

See ya at the meeting.

JOJO

A SPECIAL AWARD IS GIVEN TO EACH MEMBER WHO HAS 100% ATTENDANCE FOR THE YEAR. THE AWARD FOR 2008 WAS A SILVER CLUB MEDAL.

**PROMPTNESS PRIZE
IS DRAWN AT 7:00 pm**

Hello Everyone,

Just a reminder about the up coming **Salt Lake Coin and Token Show June 19th & 20th**, I hope everyone was able to get some flyers at the last meeting, if not we will have more at the May 28th meeting. This fantastic coin show is sponsored by the NUTS club, so lets all spread the word to everyone we know and more.

At the May meeting we will again have the sign up sheet to help set up and work the front table for the coin show, remember that you get a ticket for each hour you donate at the coin show to be used during the Christmas dinner drawing.

With everyone's support we can make this year's coin show one of the best.

Thanks for all your time and support!!!!

Todd Monson - N.U.T.S club President

MEETING DATES FOR 2009

***January 22 * February 26 * March 26**

*** April 23 * May 28 * June 15**

July 23 * August 27 * September 24 *October 22

ELDON AND MARY FARNSWORTH

WHERE WOULD OUR CLUB BE WITHOUT THEM!!!!!!

Butch kept bugging me from the minute we got married that he wanted to buy a metal detector. Finally after about 20 years I figured it wasn't just a phase he was going through. He joined N.U.T.S. in October of 2004 with a family membership. We went to the Christmas Party of 2004 and won the grand prize which was a White's XLT Metal Detector. It was a family venture going to parks. Derek and I would take turns digging for Butch. We thought it was great fun. Especially when we found money (which was all new.) Derek and I weren't even educated that there were "treasures" to find. We always hoped we would through. Butch kept detecting and learning. We also bought all sorts of gadgets such as digging tools, pinpoint detector and a bunch of other stuff. Butch kept detecting and learning. Me, not so much.

I grew tired after about an hour when I couldn't find anything better than a nail. I kept trying and so we bought Derek a White's also. Then Butch had to go and get all fancy and bought a Minelab.

His favorite find is a Silver Harley Davidson Ring. The oldest coin he has found is an 1862 Cent and an 1887 Dime. He enjoys getting out and and the exercise of digging and enjoying the fresh air. He really likes the camaraderie and friendships that he's gained by both metal detecting and being a member of the club. He is bona fide metal detecting junkie.

My biggest find to date is a child's play money token. I much prefer to dig on old sites. I like to find bottles, marbles, and really anything of historical interest. It doesn't even have to be valuable. My favorite find is a 1920 SLC paper with an article where the US Government advises people not to invest in this new airplane craze. I still like to go with Butch but I still get tired after about an hour. I take a book and food and wait in the

car when I'm done.

We also took 2 club members, Ramona Magpie and James Brockson, for their first metal detecting experience. They both had a good time. And again, I was digging and walking around this old burned down housing site.

We appreciate President Monson (just a little play on words) and all he's done for our club so far (especially the cookies.) We've appreciated serving as board members under all of the Presidents since we've joined.
